

# Quick Setup

**1**

Unpack these items. Disconnect your game system from your TV.

**2**

Connect the wireless video receiver to power and plug it into a wall outlet.

**3**

On Your TV

Connect the video receiver to your TV where your game system was connected.

**4**

Connect the video transmitter to your game system, plug it into power, and turn it on.

**5**

Select your TV's video input just like you would for your game system. Your game should appear on screen.

**6**

Adjust the antennas on the transmitter and receiver to improve the picture on your TV. Point the sides marked with 4 squares towards each other.
